The Organizational Leadership minor involves a balance of classroom and community-based learning experiences. Students are exposed to contemporary leadership concepts and theories, and to their application in a variety of contexts. This minor includes skill development in critical thinking, creative problem solving, and ethical decision-making, which are the foundation to becoming a positive change agent, whether the change occurs at the personal, group, organizational, community, or global level. The courses help students develop and implement their own values-centered and strengths-based leadership philosophy and style that is grounded in ethics and contemporary theory.

This 21-credit hour minor involves courses in five core areas: leadership theory, cross cultural leadership, communication/conflict resolution, ethical decision-making, and management. The sixth requirement provides an opportunity to apply the core areas to an intensive leadership experience on campus or in the community.
