Psychology is defined as the science of mental processes and behavior. The Department of Psychology offers both a major and a minor in psychology and a certificate in Human Development and Family Studies. The courses that comprise the psychology major are designed to acquaint the student with the systematic and quantitative demands of scientific thought, as well as to ensure that students will be able to comprehend human behavior from cognitive, environmental, and biological perspectives.

The Psychology Department's learning goals are for students to:

1. Develop a conceptual framework that includes important psychological facts, principles, and theories.
- 2.

1. Graduate with minimum 3.50 GPA in psychology courses
2. Be a member of Psi Chi, the national honor society in psychology
3. Complete satisfactorily a senior thesis
4. Present at least one paper at an off-campus regional or national conference or have a publication in a refereed journal.

Majors are strongly urged to take a biology course, such as NSC 110. MAT 114 Elementary Statistics is a required pre-requisite for the required PSY 270 course. No more than six credit hours of PSY 398 Independent Study may be counted towards meeting major requirements and only three credit hours from 200 level electives may be counted toward the major. Majors must earn a grade of C- or better in all psychology courses needed to satisfy major requirements. PSY 422 or PSY 431 must be taken while enrolled
