Email: Ingrid.Ilinc@ucmn.edu

In this program, students are introduced to foundational concepts of linguistics that facilitate the work of a translator. Such concepts are used when studying the theory and practice of translation. Through various translating exercises, the students have the opportunity to review and consolidate their French grammar and vocabulary. The translation techniques acquired in this program will be applied to a field chosen by the student in consultation with the advisor (the capstone project).

Course #	Title of Course	Hours Required	Semester Completed	Grade
